

How to create an Acrostic Poem

1. Write the word letter by letter down the page.
2. The first letter should be larger and illustrated (**colored and decorated**)
3. Each letter becomes the first letter of a **sentence** or **phrase** that describes the feudal period.
4. The final product should be a poem about feudal times that describes and/or tells a story about this time period.
5. Additional hand drawn images, coloring, borders, etc may merit extra credit.
